The Muslims of North San Diego County form a multicultural, multilingual and multigenerational community and we need a place to call our own. We should not have to travel over 40 miles to be a part of a youth group or attend a Tajweed class or send our children to an Islamic Sunday School. We must not wait any longer to make this a reality.

Let's leave a legacy for generations to come. More than a Musalla, more than a one room Masjid. Let's think big! When our time on this earth has expired, let there be an Islamic center that can serve the young and old alike, where educational programming as well as social gatherings occur, that lives on.

Here is the action plan: 1- Collect funding. 2- Purchase a distressed commercial property. 3- Remodel and renovate. 4- Assemble a team of leaders to run the programming for the Masjid, sunshine school, youth group, community store, and library corner. 5- Enjoy our center while reaping the rewards in this lifetime and in the hereafter. Don't wait to be a part of this project. Claim your status as a founding member of one of Allah's houses. Give to this cause and collect the blessings!
