

# United Hearts Islamic Center

*of North San Diego County*

## Why Now?

*Our Muslim community of North San Diego County is growing Alhamdulillah but our current Islamic facilities have limited resources and space to accommodate our community needs. Our youth has great energy and they are striving to take the responsibilities of building an Islamic Center with all the activities needed by our community to serve all ages.*

*We tried our best to get our current Islamic facilities united to build ONE center that can accommodate the growing number of our Muslim community and to expand the scope of activities but unfortunately no success.*

*We are reaching out to the broader Muslim community to help us accomplish this great endeavor that will benefit us today and for generations to come In Shaa Allah. We need to share our time, energy, and money to build a center that we can all be proud that we have.*
